W. of LAUENBURG. (Date as in text) 1. 100 Germans and Poles 50X1-HUM were taken every day to DARSOW Brick works S.E. of LANGEBOSE to work on construction 50X1-HUM of 16 Bunkers a little to the S.W. of the Brick works, facing towards the West and North. 50X1-HUM dig about 2,5m deep. Dimensions of the Bunkers were50X1-HUM about 4x 6m. The Bunkers were timbered, covered with a 2,5 to 3 m layer of joists and earth, and very carefully camouflaged with heather, grass, moss and trees. Damage to living trees was not allowed. Inside each Bunker build plank beds for 8-10 men, a table and benches. Loop-holes were protected by earth, and steel 50X1-HUM 50X1-HUM The central Bunker had a telephone line through the wood.  $\Im_{\bullet}$ wire was fixed on insulators attached to trees. This central Bunker was connected with all remaining Bunkers by underground Cables about 1 m deep, the longest of which was about 150m. Positions for guns and MGs. were not prepared. Judging by the 4. number of Bunkers and plank beds, the Bunkers were designed to accommodate 140-160 men . 5. All building material came from the direction of LANGEBUSE. The felling of trees in the woods S. W. of DARSOW Brick works was prohibited, although there were sufficient suitable 50X1-HUM trees. At the baginaing and on completion of the work 1.0. in April 1980 and February 1951 senior Polish officers arrived. Polish Officers of lower ranks came once or twice monthly to supervise the work. An observation point was set up on one of the trees from which 7. one could clearly sec in the direction of HOCH MALDE and LANGEHOSE. The Eastern part of the whole black was situated approx. 200m., 8. and the S. or S. W. part approx. 500m J. J. of the DARSOW Brick works. few Russians. It is reported that there is a Russian "Komendatura" and M. T. park in LAUENBURG. Polish-Russian relations there are stated not to be good. 50X1-HUM
